Alumni Talk Series: Career Guidance Workshop

DATE: 04-01-2023

Report

The career guidance workshop was conducted by Sanchita Mehta, our Alumni of batch 2020-21, DCSA Panjab university. She's currently working as a Software Developer in hashedIn by Deloitte. Ma'am enlightened us by sharing her journey in DCSA as a student as well as an interviewer.

She believes in "wearing your failures as your badges of honour"
She is truly an inspiration for all the students of DCSA.
ma'am discussed the skills that are expected out of an interviewee and how to approach the interviewer with the right mindset, also to focus on the technical aspects, and DSA as much as the soft skills.
Ma'am also focused on Project-building skills and the right way to present our ideas. She discussed key components of resume building.
Ma'am concluded the workshop by entertaining the doubts of our students.
