International Conference on "Computing Advances in Artificial Intelligence And Machine Learning" (ICCAAIML-2024)

REPORT

The Department of Computer Science & Applications organized a two days International on "Computing Advances in Artificial Intelligence and Machine Learning" at Panjab University, Chandigarh. The International Conference on Computing Advances in AI and Machine Learning aimed at emphasizing to advancement in the field of computer sciences, Technology and Management Innovation through interdisciplinary and multidisciplinary research. The event was inaugurated on 16.12.2024 by esteemed Dean of University Instruction, Prof. Rumina Sethi and Director, Research and Development Cell, Prof. Yojna Rawat, who graced the occasion with the ceremonial lamp lighting alongside distinguished members of the Department of Computer Science and Applications. Prof. Sonal Chawla and Dr. Anuj Sharma welcomed the dignitaries.

In her inaugural address, DUI Prof. Rumina Sethi very nicely illustrated the quotes from literature comparing and contrasting the role of AI and ML.

Director R& D Prof. Yojna Rawat also shared her insights about AI through relevant illustrations from hindi literature primarily Idgah and Kabuliwala. She also highlighted the pivotal role played by AI and ML in our day-to-day lives.

The keynote address was delivered by Dr. Satyajit Jena, an accomplished academician from IISER Mohali. He captivated the audience with his talk on "Bridging Brains and Machines: The Legacy of Neural Networks in AI". He discussed about AI and Machine Learning, role of future quantum and its fundamentals.

Prof. Elisa Barney Smith at Luleå University of Technology (LTU), Sweden, brought forth the innovative concept of "Using AI & Machine Learning to further studies in the Humanities". She discussed about the use of AI & Humanities together and future challenges of such research problems.

A book "Essential of AI and Machine Learning" authored by Dr. Anuj Sharma was released in the inaugural session of the Conference.

The second day of the two-day International Conference (CCAAIML 2024) witnessed a convergence of leading experts and innovators in the field. The audience was captivated by a series of enlightening keynote addresses from esteemed experts.

Dr. Jyotirmoy Dutta is a Principal Scientist at the Centre of Data for Public Good (CDPG), FSID, Indian Institute of Science (IISc), Bengaluru, captivated the audience with his talk on "Driven the Digital Public Infrastructure growth story with Data Exchanges". His talk was related to Data Exchange and other initiatives related to Govt. projects.

Dr. Balwinder Singh, Joint Director at C-DAC Mohali, engaged the audience with his session on "AI driven Solutions: Case studies in Agriculture, Healthcare and Rewards". His talk was focused to CDAC services in AI and ML.

Dr. Mahamad Suhil, as an Applied Scientist II at Amazon Ads, captivated the audience with his talk on "Efficient Fine-tuning of LLMs. His talk was related to NLP and large language models challenges in near future.

The conference concluded with a dignified valedictory function. The coordinators of the conference Prof. Sonal Chawla and Dr. Anuj Sharma, Chairperson of the department presented the report of the conference. The Chief Guest, Prof. Y. P. Verma, Registrar, Panjab University appreciated the conference & motivated the participants towards research & development.

ICCAAIML 2024 invited scholars and practitioners worldwide to present their work on cutting-edge computing communications and applied informatics. It received an overwhelming response & close to 100 abstracts were shortlisted under the tracks of AI and Deep Learning, Data Communication and Computer Networks, Deep Intelligence for Interdisciplinary Research & Immersive Technologies. Emphasizing new approaches and advanced computing solutions, the event aimed to facilitate knowledge sharing and collaboration in AI, Machine Learning and related fields.

On this note of achievement, the conference coordinators extended heartfelt congratulations to the diligent and dedicated staff. Their meticulous planning and tireless efforts undeniably played a pivotal role in realizing the success of the conference.
