DEPARTMENT OF COMPUTER SCIENCE AND APPLICATIONS

PANJAB UNIVERSITY, CHANDIGARH

We invite you to be the part of the Expert Talk by **Dr. Vijay Kumar Mago,** Associate Professor cum Chair at School of Health Policy and Management, York University, Canada.

TIME: 3PM to 4PM on March 6, 2025

Venue : Room No.317, DCSA

PROF. (Dr.) SONAL CHAWLA **COORDINATOR**	**Dr. ANUJ SHARMA** **CHAIRPERSON**	**MRS. ANJALI JINDIA** **CO- COORDINATOR**

STUDENT COORDINATORS: Jai (M.Sc. Data Sci.), Twinkle (MCA morning), Nancy (MCA evening)

The Department of Computer Science and Applications (DCSA), Panjab University, Chandigarh, successfully hosted an insightful expert talk on March 6, 2025, featuring Dr. Vijay Kumar Mago, Associate Professor cum Chair at the School of Health Policy and Management, York University, Canada. The event took place from 3 PM to 4:30 PM in Room No. 317, DCSA and witnessed enthusiastic participation from faculty members, researchers, and students. The session commenced with a warm welcome speech delivered by Dr. Anuj Sharma, Chairperson of the department, who emphasized the importance of academic discussions in fostering research excellence.

Dr. Mago then shared details about his research projects, including Bayesian networks and their applications in probability estimation, as well as his work on neural networks where he explored instability issues and worked on performance enhancement using Matplotlib in Python. He also spoke about his journey in securing research grants, emphasizing the dedication required to excel in academia. Furthermore, he announced the upcoming publication of his latest research paper, marking another achievement in his career. Currently, Dr. Mago is leading a project on the emergency of health facilities in Canada, applying data-driven methodologies to improve healthcare services. He highlighted the crucial role of technology and data science in modern healthcare solutions.

The session concluded with an engaging question-and-answer segment, where students and faculty sought insights into research methodologies, academic growth, and career opportunities. Dr. Mago provided thoughtful responses and inspired aspiring researchers to pursue their academic goals with persistence.

As a token of appreciation, Prof. (Dr.) Sonal Chawla, Coordinator of the event, presented a memento to Dr. Mago, acknowledging his valuable contribution.

The event concluded with a vote of thanks delivered by Mrs. Anjali Jindia, Co-Coordinator, who expressed gratitude to the distinguished speaker, faculty members, student coordinators, and attendees for making the event a grand success.

The expert talk was a highly enriching experience, broadening the knowledge of attendees and motivating them to engage in research with enthusiasm and dedication. The department extends its gratitude to Dr. Mago for sharing his expertise and looks forward to hosting more such insightful sessions in the future.
