One-day National Workshop on '**Natural Language Processing**'

27-March-2024

Report

The Department of Computer Science & Applications (DCSA) at Panjab University, Chandigarh, organized a highly informative **one-day National Workshop on Natural Language Processing (NLP)**. The event aimed to delve into the latest advancements and applications in the field of NLP, offering participants a comprehensive understanding of its significance in contemporary technological landscapes.

The workshop was inaugurated by Professor Harsh Nayyar, Director of the Research and Development Center at Punjab University. Notable figures, including Prof. R. K. Singla, former DUI Panjab University Chandigarh, Prof. Indu Chhabra, Prof. Sonal Chawla, Director Centre for IAS and other competitive examinations and Prof. Anu Gupta, Director Computer Centre provided invaluable insights into the workshop's objectives and offerings, setting the tone for an engaging and enlightening day.

Under the coordination of Dr. Rohini Sharma, Chairperson of DCSA, and Dr. Sudhir Goyal, System Manager at DCSA, the workshop attracted participants from across the nation, with attendees representing various academic and professional backgrounds, including students, research scholars, and faculty members. The workshop witnessed active participation and fruitful discussions, with attendees hailing from more than 18 states across India and outside India as well.

The workshop covered a diverse range of topics, including Generative AI, Artificial Intelligence, and Large Language Models (LLMs) and their Applications. Participants had the opportunity to engage with esteemed speakers and gain firsthand knowledge about cutting-edge technologies shaping the future of NLP.

The first session, led by Prof. Parteek Bhatia, Professor at the Department of Computer Science and Engineering, Thapar Institute of Engineering and Technology, focused on "Harnessing Natural Language Processing in the Age of Generative AI and XAI." Prof. Bhatia's session provided attendees with valuable insights into the practical applications of NLP in the era of Generative AI, fostering a deeper understanding of its implications across various domains.

In the second session, Dr. Mahamad Suhil, an applied scientist at Amazon Ads, delivered a comprehensive overview of Large Language Models and their Applications. Dr. Suhil's session shed light on the transformative potential of LLMs in enhancing language understanding and generation, offering attendees a glimpse into the future of NLP-driven innovations.

Through interactive sessions and engaging presentations, participants gained invaluable knowledge and insights into the evolving landscape of NLP and its myriad applications. The Department of Computer Science & Applications at Panjab University, Chandigarh, remains committed to fostering excellence in research and education, and endeavors to continue organizing such impactful events to further the advancement of knowledge in the field of computer science and technology.

ABOUT THE DEPARTMENT

The Computer Culture at the Panjab University dates back to 1966. An independent Centre for Computer Science and Applications (now a full-fledged department) was set up in 1983. The department aims to ingrain the spirit of ingenuity, innovativeness, and technical competence in the students through rigorous competition and regular guidance. The department also caters to the needs of users in the region and organizes programs for teaching and research communities.

The Department is running the Master of Computer Applications (MCA), Master of Science (Computer Science) under the framework of Honors School System and Ph.D programs. Admissions to MCA and M.Sc are held through an annual entrance test conducted on an All-India basis by Panjab University. The students have excelled both academically and professionally and the department has excellent placement record.

The department has a well-equipped library with over more than 10,000 books and resources for the exclusive use of the students and the faculty.

WHO CAN ATTEND
Faculty, Research Scholars, Students

Registration Fee: Nil

Registration through: Google Form
link available at:
https://forms.gle/AaeopXzeoN92BfHr6

Dates: March 27, 2024
Time: 10:00 AM to 04:00 PM
Last Date of Registration: March 25, 2024

*Online Link of the Workshop will be shared with registered participants and speakers only.

Resource Persons

1. **Prof. Parteek Bhatia**
   Department of Computer Science and Engineering, Thapar Institute of Engineering and Technology, Patiala.
   Visiting Professor, Department of Computer Science, Whitman College, Walla Walla, WA, USA.
2. **Dr. Mahamad Suhil**
   Applied Scientist, Amazon Ads, Bangalore.

Contents to be covered:

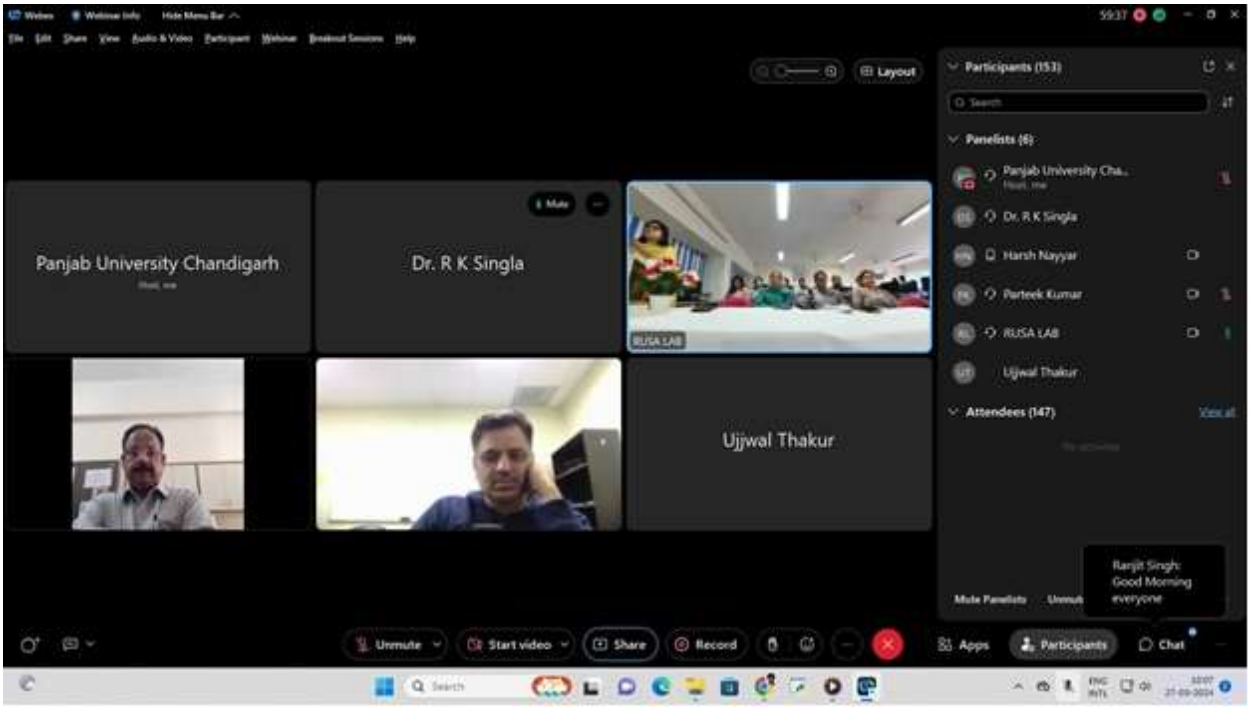

- **Prof. Parteek Bhatia:** From Text to Insight: Harnessing Natural Language Processing in the Age of Generative AI and XAI.
- **Dr. Mahamad Suhil:** An Overview of Large Language Models and their Applications.

One Day National Workshop
On
Natural Language Processing

SCHEDULE

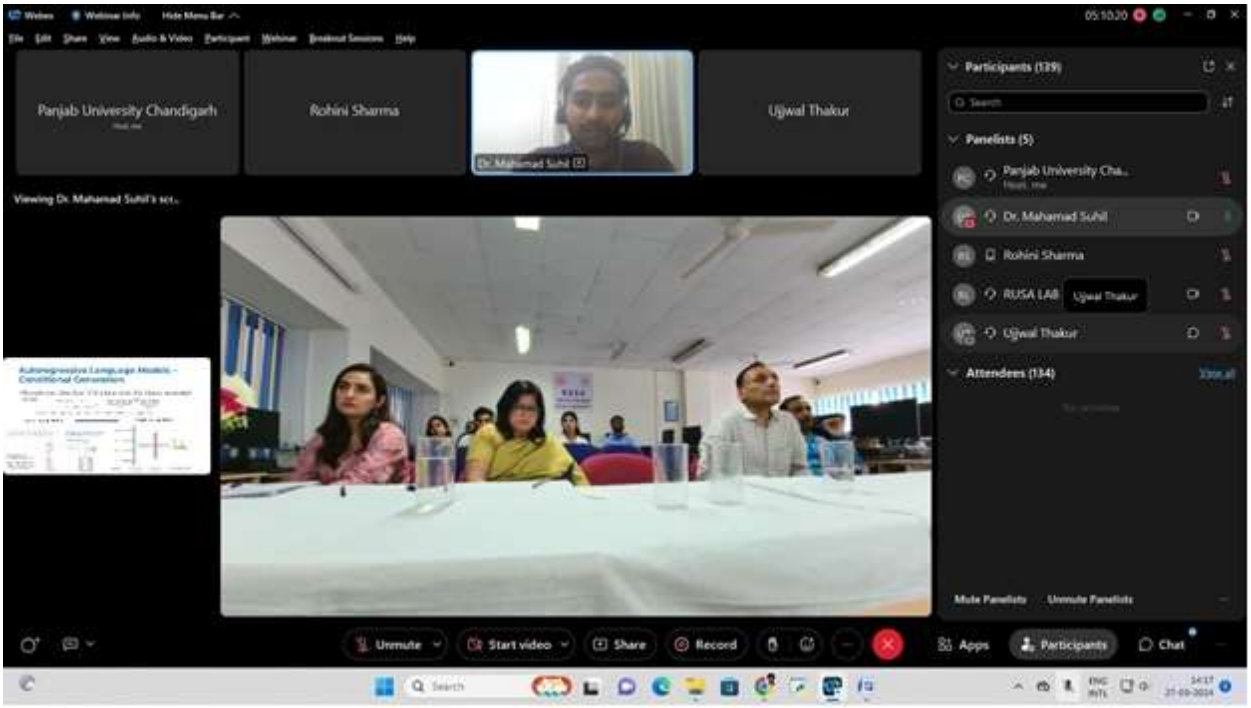

Inaugural Session	**10:00 a.m.**
Welcome Address by Dr. Rohini Sharma	10:00 a.m.
Opening remarks by Prof. R.K. Singla, Former DUI, Panjab University, Chandigarh.	10:05 a.m.
Workshop insights by Prof. Indu Chhabra	10:10 a.m.
Workshop insights by Prof. Sonal Chawla, Honorary Director for IAS & Other Competitive Examinations, Panjab University, Chandigarh	10.15 a.m.
Workshop insights by Prof. Anu Gupta, Director Computer Centre, Panjab University, Chandigarh	10.20 a.m.
Vote of Thanks by Dr. Sudhir Goyal	10.25 a.m.
Tea Break	**10:30 a.m.**
Session-I	
Prof. Parteek Bhatia Department of Computer Science and Engineering, Thapar Institute of Engineering and Technology, Patiala; Visiting Professor, Department of Computer Science, Whitman College, Walla Walla, USA	11:00 a.m. to 1:00 p.m.
Lunch Break	01:00 p.m. to 2:00 p.m.
Session-II	
Dr. Mahamad Suhil Applied Scientist Amazon Ads, Bangalore	02:00 p.m. to 04:00 p.m.
Valedictory	4:00 p.m.

DAINIK SAVERA

पीयू ने की प्राकृतिक भाषा प्रसंस्करण पर एक दिवसीय राष्ट्रीय कार्यशाला की मेजबानी

सवेरा न्यूज/ रजेश

चंडीगढ़,27 मार्च: पंजाब विश्वविद्यालय के कंप्यूटर विज्ञान और अनुप्रयोग विभाग ने बुधवार को प्राकृतिक भाषा प्रसंस्करण पर एक दिवसीय राष्ट्रीय कार्यशाला का आयोजन किया। इस कार्यक्रम का उद्घाटन पंजाब विश्वविद्यालय के अनुसंधान और विकास सेल के निदेशक प्रोफेसर हर्ष नैय्यर ने किया। जिन्होंने अंतःविषय अनुसंधान के लिए भाषा मॉडल डिजाइन और विकसित करने की आवश्यकता पर जोर दिया। इस कार्यक्रम का समन्वय डीसीएसए की अध्यक्ष डॉ. रोहिणी शर्मा और डीसीएसए के सिस्टम मैनेजर डॉ. सुधीर गोयल द्वारा किया गया, जिसका उद्देश्य विभिन्न दर्शकों को प्राकृतिक भाषा प्रसंस्करण पर स्वतंत्र रूप से ज्ञान प्रदान करना था। कार्यशाला में 18 राज्यों और भारत के बाहर से भी लगभग 400 प्रतिभागियों ने भाग लिया। दर्शकों में कार्यरत संकाय, अनुसंधान विद्वान और शिक्षा जगत के छात्र और उद्योग जगत के लोग भी शामिल हैं। प्रथम वक्ता प्रो. बागर इंस्टीट्यूट ऑफ इंजीनियरिंग एंड टेक्नोलॉजी, पटियाला से पार्टिक भटिया और थिंटमैन कॉलेज, वाशिंगटन, यूएसए के विजिटिंग फैकल्टी ने जेनरेटिव एआई में एनएलपी की भूमिका पर एक ज्ञानवर्धक सत्र दिया। उन्होंने अनुवाद, सारांशीकरण, वस्तु पहचान और ऑडियो निर्माण पर व्यावहारिक प्रदर्शन दिए। डॉ. अमेजॉन एड्स के एक व्यावहारिक वैज्ञानिक महामदशुहिल ने बड़े भाषा मॉडल (एलएलएम) और उनके अनुप्रयोगों का एक सिंहावलोकन प्रदान किया, जिससे उपस्थित लोगों को एआई अनुप्रयोगों पर व्यावहारिक ज्ञान प्रदान किया गया।

पीयू ने प्राकृतिक भाषा प्रसंस्करण पर एक दिवसीय राष्ट्रीय कार्यशाला की मेजबानी की

जगमार्ग न्यूज़

चंडीगढ़। पंजाब यूनिवर्सिटी के कंप्यूटर विज्ञान और अनुप्रयोग विभाग (डीसीएसए) ने बुधवार को प्राकृतिक भाषा प्रसंस्करण (एनएलपी) पर एक दिवसीय राष्ट्रीय कार्यशाला का आयोजन किया। इस कार्यक्रम का उद्घाटन पीयू के अनुसंधान और विकास सेल के निदेशक प्रोफेसर हर्ष नैय्यर ने किया। जिन्होंने अंतःविषय अनुसंधान के लिए भाषा मॉडल डिजाइन और विकसित करने की आवश्यकता पर जोर दिया।

कार्यक्रम का समन्वयन डीसीएसए की चेयरपर्सन डॉ. रोहिणी शर्मा और डीसीएसए के सिस्टम मैनेजर डॉ. सुधीर गोयल ने किया, जिसका उद्देश्य विभिन्न दर्शकों को प्राकृतिक भाषा प्रसंस्करण पर स्वतंत्र रूप से ज्ञान प्रदान करना था। कार्यशाला में 18 राज्यों और भारत के बाहर से भी लगभग 400 प्रतिभागियों ने भाग लिया। दर्शकों में कार्यरत संकाय, अनुसंधान विद्वान और शिक्षा जगत के छात्र और उद्योग जगत के लोग भी शामिल हैं।

एआई अनुप्रयोगों पर हुई व्यावहारिक चर्चा

प्रथम वक्ता प्रो. बागर इंस्टीट्यूट ऑफ इंजीनियरिंग एंड टेक्नोलॉजी, पटियाला से पार्टिक भटिया और थिंटमैन कॉलेज, वाशिंगटन, यूएसए के विजिटिंग फैकल्टी ने जेनरेटिव एआई में एनएलपी की भूमिका पर एक ज्ञानवर्धक सत्र दिया। डॉ. अमेजॉन विज्ञान के एक व्यावहारिक वैज्ञानिक महामदशुहिल ने बड़े भाषा मॉडल (एलएलएम) और उनके अनुप्रयोगों का एक सिंहावलोकन प्रदान किया, जिससे उपस्थित लोगों को एआई अनुप्रयोगों पर व्यावहारिक ज्ञान प्रदान किया गया।कार्यशाला ने छात्रों, विद्वानों और संकाय सदस्यों के बीच सार्थक चर्चा को बढ़ावा देते हुए अंत विषय आदान-प्रदान और सीखने के लिए एक मंच के रूप में कार्य किया।

PUNJAB EXPRESS

PU hosts one-day 'National Workshop on Natural Language Processing'

PUNJAB EXPRESS BUREAU
Chandigarh, March 27

The Department of Computer Science & Applications (DCSA) Panjab University Chandigarh organised a one-day National Workshop on Natural Language Processing (NLP) on Wednesday. The event was inaugurated by Professor Harsh Nayyar, Director, Research and Development Cell, Punjab University who stressed on the need to design and develop language models for interdisciplinary research.

The event was coordinated by Dr. Rohini Sharma, Chairperson of DCSA, and Dr. Sudhir Goyal, System Manager at DCSA with the objective to impart knowledge on Natural Language Processing to diverse audiences freely. The workshop attracted around 400 participants from 18 states and outside India as well. The audience comprises working faculty, research scholars and students from academia and people from Industry as well.

First speaker Prof. Parteek Bhatia, from Thapar Institute of Engineering and Technology, Patiala and Visiting faculty at Whitman College, Washington, USA delivered an enlightening session on NLP's role in Generative AI. He gave practical demonstrations on Translation, Summarization, Object detection and Audio generation.Dr. Mahamadhuhil, an applied scientist at Amazon Ads, provided an overview of Large Language Models (LLMs) and their Applications, offering attendees practical knowledge on AI applications.
