Report On

Inaugural of Skill Lab in Computer Science & Applications

Vice Chancellor Professor RenuVig inaugurated the Skill Lab in Computer Science & Applications setup under RUSA Project on Skill Enhancement Courses in Computer Science & Applications on 20th Sept, 2023. The Skill Lab has been setup at the Department of Computer Science and Applications Panjab University ,Chandigarh.

The Inaugural of this Skill Lab was well attended by Senior Functionaries of Panjab University including the Registrar Professor Y.P Verma, Dean of University Instructions Professor Rumina Sethi,, Controller of Examinations Professor Jagat Bhushan, Human Resource Development Centre Director Professor Anju Suri besides other Syndicate & Senate -Members, Dean & Directors of various Centres of Panjab University. The State-of-the-Art Skill lab in Computer Science & Applications, setup under RUSA project is equipped with 40 high performance Computers with latest Academic & Research Software .The aim of this Skill Lab is to promote & facilitate higher education, innovation and research at Panjab University.

Three Workshops have been successfully conducted under RUSA Project namely one on 'Introduction to Data Science', second on'Programming in Python' and third on' Artificial Intelligence and 'Machine learning' with more than 400 participants attending each workshop and giving a very positive feedback.

Professor Sonal Chawla, Principal Investigator, RUSA Project apprised the attendees that very soon this skill Lab shall become a high End Computing Lab with latest Workstations, Servers and a Graphical Processing Unit (GPU). Also Research related Softwares shall be installed in this Lab for promoting Innovation and Application. She also conveyed her heartfelt thanks to the Vice Chancellor for her constant Guidance and Support.

The Inaugural was a huge success with students, research scholars, faculty & staff attending it in huge numbers.
