First Aid Training Session – 2025
Organized by Department of Computer Science & Applications, Panjab University

The Department of Computer Science & Applications, Panjab University organized an interactive First Aid Training Session in collaboration with Social Substance on September 11, 2025. The primary aim of the session was to train and raise awareness among students and faculty members on how to effectively respond during emergency situations.The session was conducted by Dr. Rupinder Kaur, CMO, Panjab University, who shared her expert knowledge and hands-on experience in handling various emergency scenarios. The event began with a warm introduction and welcome address delivered by Dr. Rohini Sharma**,** followed by the presence of Dr. Anuj Sharma, Chairperson, DCSA**,** and other esteemed faculty members of the department. Dr. Rupinder Kaur explained in detail what steps to take in different emergencies, such as when someone's nose or throat gets blocked, when a person gets injured, when a foot or ankle is twisted, or when a shoulder gets displaced. She gave a live, practical demonstration of CPR **(**Cardiopulmonary Resuscitation**),** showing exactly when and how it should be performed. She also demonstrated the correct way to apply bandages and other essential first aid techniques.The session was highly interactive. Both students and faculty members actively participated by asking questions and sharing their own experiences, which made the session very engaging, useful, and easy to understand.At the conclusion of the session, the department presented a memento of appreciation to Dr. Rupinder Kaur as a token of gratitude for her valuable contribution and practical session.The program was well-organized and successfully coordinated, leaving a lasting impact on the attendees by providing them with crucial first aid knowledge and hands-on skills that can be life-saving in emergency situations.
