International Conference on Artificial Intelligence and Machine Learning (ICAIML2023)

Conference Report

November 28, 2023, marked the beginning of a riveting two-day journey into the cutting-edge realms of Artificial Intelligence and Machine Learning at Panjab University, Chandigarh. The International Conference on Artificial Intelligence and Machine Learning (ICAIML 2023) unfolded with a symphony of enthusiasm and intellectual fervor. Prof. Indu Chabra and Dr. Rohini Sharma were the coordinators of the conference. The event was inaugurated at 9:30 am by the esteemed Vice Chancellor, Prof. Renu Vig, who graced the occasion with the ceremonial lamp lighting alongside distinguished members of the Department of Computer Science and Applications.

In her inaugural address, Prof. Renu Vig highlighted the pivotal role played by Artificial Intelligence and Machine Learning in reshaping education and industries across the globe. She emphasized their significance as transformative technologies that have the potential to redefine the landscape of various sectors.

The morning session witnessed a series of engaging talks delivered by distinguished personalities in the fields of education and innovation. Among them, Prof. A G Ramakrishnan, an Adjunct Faculty at IIT Hyderabad, Principal Advisor of Bhashini AI Solutions, and Former Professor at IISc Bangalore, delved into the intricacies of brain pattern recognition versus End-to-End Deep Neural Networks, unraveling the distinctiveness of each.

Dr. Vinod Kumar Chauhan, representing the University of Oxford, UK, brought forth the innovative concept of "HyperNetworks: A New Approach for Training and Designing Neural Networks," shedding light on cutting-edge methodologies in the realm of artificial intelligence.

Prof. Anand Nayyar, the Director of IoT and Intelligent Systems Lab at Duy Tan University, Da Nang, Vietnam, captivated the audience with his talk on "Internet of Medical Things: Revolutionizing Healthcare Technology," showcasing the transformative potential of AI and ML in the healthcare sector.

The engaging discussions and presentations on Day 1 on various topics like Geometric Deep learning operators, Role of AI and ML in advancement of business, in networking technology, latest trends in ML for heart disease prediction using heart sound, insights of 3D printing technologies, set the stage for a deeper exploration of the intersections between artificial intelligence and various domains.

The second day of the two-day International Conference on Artificial Intelligence and Machine Learning (ICAIML 2023) witnessed a convergence of leading experts and innovators in the field.

The audience was captivated by a series of enlightening keynote addresses from esteemed experts. Among them, Prof G S Lehal, Senior Consultant at IIIT Hyderabad and Former Professor at Punjabi University Patiala, delivered a thought-provoking talk on "Recent Advances in Language Technology." His insights shed light on the ever-evolving landscape of language technology and its implications.

Mr. Manish Tandon from Microsoft, USA, engaged the audience with his session on "Introduction to Private AI," providing a comprehensive overview of the emerging trends in the realm of private artificial intelligence.

Multiple parallel sessions on Paper Presentations were conducted, chaired by esteemed faculty members of the Department of Computer Science and Applications (DCSA), Panjab University. Topics spanned a wide array of subjects, including the rise of Artificial Intelligence in Healthcare, Energy-Optimized Adaptive Routing for Mobile Ad hoc Networks, Automated Defect Detection and Quality Control in Manufacturing Using Computer Vision and Deep Learning, Current Trends and Future Possibilities for AI in Mobile App Development, Sentimental analysis and AI in Education.

The conference concluded with a dignified valedictory function. The coordinators of the conference Prof. Indu Chhabra and Dr. Rohini Sharma, chairperson of the department presented the report of the conference. The chief guest, Prof. Y. P. Verma, Registrar, Panjab University appreciated the conference and shared his insights on the significance of Artificial Intelligence and Machine Learning in the academic and professional realms.

ICAIML 2023 demonstrated a collaborative effort to explore and harness the potential of artificial intelligence and machine learning, setting the stage for continued advancements in these transformative fields. On this note of achievement, the conference coordinators extended heartfelt congratulations to the diligent and dedicated staff. Their meticulous planning and tireless efforts have undeniably played a pivotal role in realizing the success of the conference.

ICAIML 2023

INTERNATIONAL CONFERENCE ON ARTIFICIAL INTELLIGENCE AND MACHINE LEARNING

(ONLINE MODE)

28-29 NOVEMBER, 2023

The CONFERENCE SPEAKERS

PROF. A G RAMAKRISHNAN
Adjunct faculty, IIT Hyderabad
Principal Advisor, Bhashini AI Solutions Pvt Ltd.
Former Professor IISc Bangalore

PROF. G S LEHAL
Senior Project Consultant,
IIIT Hyderabad

DR. VINOD KUMAR CHAUHAN
University of Oxford,
UK

SH. MANISH TANDON
Microsoft, Redmond
USA

PROF. ANAND NAYYAR
Director
(IoT and Intelligent Systems Lab)
Duy Tan University,
Vietnam

Coordinators

Prof. Indu Chhabra
Dr. Rohini Sharma
Department of Computer Science and Applications
Panjab University, Chandigarh, India.

Call for Papers

International Conference on Artificial Intelligence and Machine Learning (ICAIML – 2023)

November 28 - 29, 2023, DCSA, Panjab University, Chandigarh (India)

We are pleased to host the International Conference on Artificial Intelligence and Machine Learning (ICAIML-2023), taking place in Department of Computer Science and Applications (DCSA), Panjab University (PU), Chandigarh, India from November 28 - 29, 2023 through ONLINE mode. The conference aims to bring together researchers, students, and practitioners of artificial intelligence to encourage in-depth talks, networking and discussions on the latest research and state of the art.

Our main topics of interest include following areas, but are not limited to the following:

Pattern Recognition, Computer Vision, Object Detection and Recognition, Scene Understanding, Expert Systems, Generative AI, Graph Neural Networks, Knowledge Representation and Representation Learning, Machine Learning, Deep Learning, Optimization, Reinforcement Learning, Semantic Analysis, Document Analysis and Recognition, Human-Computer Interaction, Medical Data Processing, Natural Language Processing, Robotics, AI in Health and Internet of Things.

Abstract Submissions and Guidelines

- The abstract submissions up to 200 words are allowed. The authors must present original research and represent a significant contribution to the field. Accepted submissions will be presented in oral sessions through online mode. All accepted abstracts will be published in the conference proceedings.
- The abstract must be written clearly in English language, preferably in Times New Roman Font.
- These abstracts are meant to showcase new findings and current work for discussion at the conference. All abstracts will be peer-reviewed single-blind. The registration is mandatory for all attendees. The registration fees for the conference is as follows:

Registration Fees (Indian Rupees):

Faculty and staff of Panjab University: Rs 1200/-
Research Scholars of Panjab University: Rs 800/-
PG/UG students of Panjab University: Rs 500/-
Faculty and staff (outside Panjab University): Rs 1416/-
Research Scholars (outside Panjab University): Rs 944/-
PG/UG students (outside Panjab University): Rs 590/-

Bank Details:

Account Number: **42402530665**
Account Holder Name: Registrar, Panjab University, Chandigarh
Bank Name: State Bank of India
Branch Address: Sector-14, Panjab University, Chandigarh
IFS Code: **SBIN0000742**

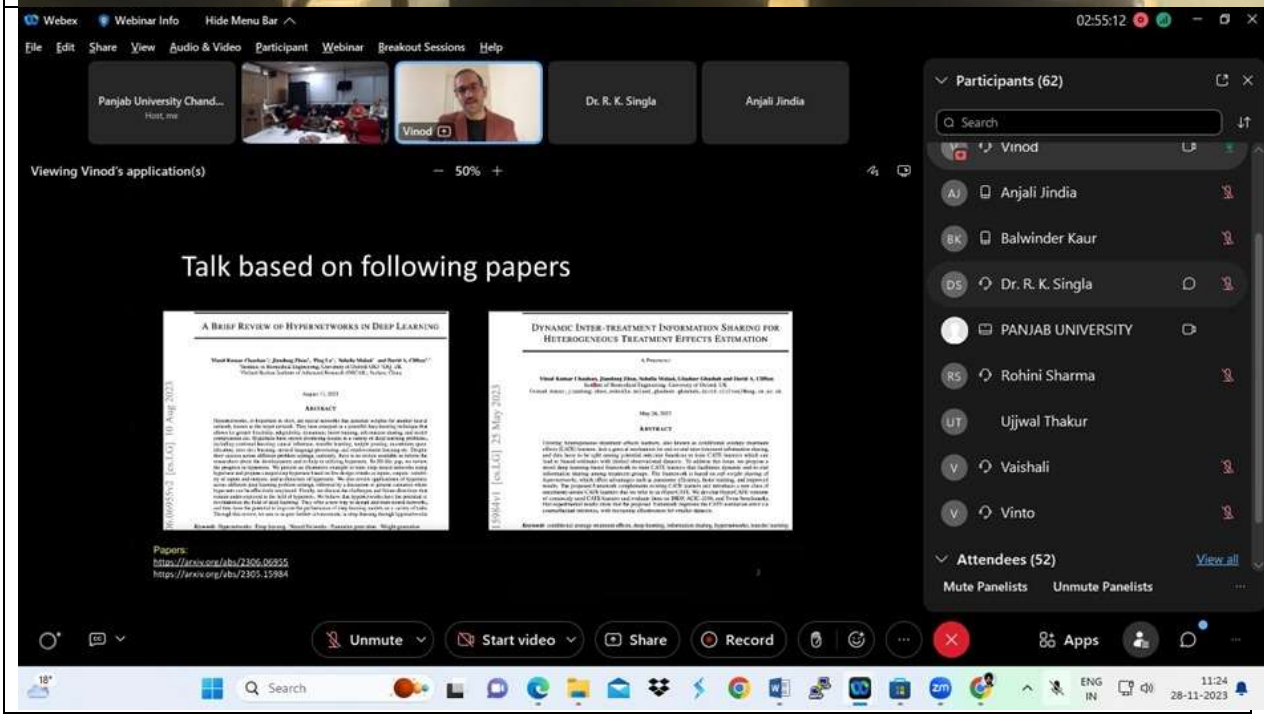

Important Dates and Deadlines

Abstract Submission (including registration): ~~**November 17, 2023**~~ (extended to 22nd November, 2023)
Acceptance of Abstracts: November 24, 2023
Conference Dates: November 28-29, 2023
Registration Link: https://forms.gle/B5F9WukYouDDkiQE6
Contact: aimldcsa@gmail.com

PUNJAB KESARI

सम्मेलन में परिवर्तनकारी प्रौद्योगिकियों पर हुई चर्चा

कार्यक्रम का उद्घाटन वी.सी. प्रो. रेनू विज ने किया

चंडीगढ़, 28 नवम्बर (रश्मि हंस): पंजाब यूनिवर्सिटी (पी.यू.) में आर्टिफिशियल इंटेलिजैंस और मशीन लर्निंग के अत्याधुनिक क्षेत्रों में दो दिवसीय यात्रा की शुरूआत हुई। आर्टिफिशियल इंटेलिजैंस और मशीन लर्निंग पर अंतर्राष्ट्रीय सम्मेलन (आई.सी. ए. आई. एम. एल.2023) उत्साह और बौद्धिक उत्साह के साथ शुरू हुआ। इस कार्यक्रम का उद्घाटन सुबह पी.यू. वी.सी. प्रो. रेनू विज ने किया।

उन्होंने कंप्यूटर विज्ञान और अनुप्रयोग विभाग के प्रतिष्ठित सदस्यों के साथ औपचारिक दीप प्रज्ज्वलन के साथ इस अवसर की शोभा बढ़ाई। अपने उद्घाटन भाषण में प्रो. रेनू विज ने कहा कि दुनिया भर में शिक्षा और उद्योगों को नया आकार देने में आर्टिफिशियल इंटेलिजैंस और मशीन लर्निंग द्वारा निभाई गई महत्वपूर्ण भूमिका पर प्रकाश डाला। उन्होंने परिवर्तनकारी प्रौद्योगिकियों के रूप में उनके महत्व पर जोर दिया, जिनमें विभिन्न क्षेत्रों के परिदृश्य को फिर से परिभाषित करने की क्षमता है।

पेचीदगियों पर डाला प्रकाश

इस अवसर पर प्रो. ए.जी. रामकृष्णन, आई.आई.टी. हैदराबाद के एक सहायक संकाय, भाषिनी ए.आई. सॉल्यूशंस के प्रधान सलाहकार और आई.आई.एस.सी. बैंगलोर के पूर्व प्रोफैसर ने मस्तिष्क पैटर्न पहचान बनाम एंड-टू-एंड डीप न्यूरल नेटवर्क की पेचिदगियों पर प्रकाश डाला और विशिष्टता को उजागर किया। यू.के. के ऑक्सफोर्ड विश्वविद्यालय का प्रतिनिधित्व करने वाले डॉ. विनोद कुमार चौहान ने कृत्रिम बुद्धिमत्ता के क्षेत्र में अत्याधुनिक पद्धतियों पर प्रकाश डालते हुए 'हाइपर नेटवर्क्स: ए न्यू अप्रोच फॉर ट्रेनिंग एंड डिजाइनिंग न्यूरल नेटवर्क्स' की अभिनव अवधारणा को सामने लाया।
