DEPARTMENT EVENTS

MCA & M.Sc. Computer Science (Specialization in Data Science) Counselling

In August 2024, the department conducted counselling sessions for the MCA and M.Sc. Computer Science (Specialization in Data Science) programs. The MCA counselling on August 9, saw over 400 students, featuring document verification and seat allotment based on entrance exam ranks. The M.Sc. Computer Science (Specialization in Data Science) counselling held on August 12 focused on document verification of more than 150 students. Both sessions were smoothly managed, ensuring a fair process for all candidates under the supervision of Admission Coordinators Prof. Sonal Chawla, Dr. Anuj Sharma & Co-coordinators Ms. Supreet Thapar & Dr. Sudhir Goyal.

Fresher's Orientation

The department held an orientation for the Batch 2024-26 of MCA and M.Sc. Computer Science (Specialization in Data Science) students. The event began with the Panjab University Anthem, followed by a welcome address from Dr. Anuj Sharma, Chairperson of DCSA. Dr. Jasleen Kaur Bains presented an overview of the department, including its history, curriculum, and facilities, and discussed the anti-ragging policy. The

program also featured faculty speeches, an ice-breaking session, and a departmental tour led by Mrs. Supreet Thapar, fostering student interaction and introducing them to the department's resources.

Best out of Waste

The Department of Computer Science and Applications (DCSA) at Panjab University, in collaboration with the Swachh Bharat Abhiyan, organized a "Best Out of Waste" event on August 30, 2024. Led by Dr. Anuj Gupta and Dr. Kavita Taneja, the event focused on promoting creativity and environmental awareness. Students showcased innovative projects made from waste materials, such as decorative wall art and functional lamps. The event included speeches on sustainable living and concluded with a prize distribution ceremony, recognizing the most creative projects and encouraging eco-friendly practices.

New AI Focused Server GPU installed in Skill Lab in Computer Science & Applications (RUSA Lab) at DCSA

In August 2024, the RUSA Lab at DCSA, Panjab University, upgraded its facilities with 2 x NVIDIA L4 GPUs. This enhancement aims to boost computational power for advanced research in Artificial Intelligence, Machine Learning, and Data Science, as well as support high-performance tasks related to computer science research. The GPUs are a key asset for the research scholars, faculty & students of the university. It marks a significant step in advancing lab resources for students and faculty.

Message from Prof. Sonal Chawla, Principal Investigator, RUSA Project

"I am so glad that a well equipped Advanced Computer Science Skill Based RUSA Lab has been setup at DCSA. The lab boasts of high end Computer Systems, AI/ ML related software, interactive conferencing setup and a 2 X NVIDIA L4 GPU with 2 X Intel Processor/ Workstation supporting Microsoft Windows Server, Red Hat Enterprise Linux, SUSE Enterprise Server having a strong Cyber Resilient Architecture for a hardened server design making it suitable for various artificial

intelligence, machine learning, video editing and other gaming applications. I am sure such a lab shall promote scientific and research temperament amongst the students, research scholars, faculty and staff of not just DCSA but also Panjab University as a whole."

Retirement Tribute to Mr. Swapan Middye

Mr. Swapan Middye began his career at the Centre for Computer Science and Applications, Panjab University, on January 5, 1990, as a Key Punch Operator under Professor S. K. Trehan. His dedication led to his promotion to Data Entry Operator on April 1, 1990, and subsequently to Computer Operator (Senior Tech. G-II) on December 12, 2006. On January 28, 2016, he was promoted to Technical Officer (G-I). On January 26, 2024, Mr. Middye was honored with an Appreciation Certificate and Memento for his distinguished service, presented by Chairperson Dr. Rohini Sharma and approved by the Hon'ble Vice-Chancellor of Panjab University. Having retired on August 31, 2024, Mr. Middye leaves behind a legacy of dedication and excellence. The faculty and staff of the Department of Computer Science and Applications extend their heartfelt gratitude and best wishes for a fulfilling and joyous retirement.

In his message for students sir encouraged the students to work with a plan, to do their work sincerely by divide their work into doable tasks and achieve daily goals. He recommended students to not worry about how big our task is instead start working upon it with small initial steps.

तिरंगे के रक्षक

ऊँचे पर्वत, रेगिस्तान की धूप,
भारत के वीर, नहीं थकते उनके रूप,
तिरंगा सँभाले, वो बढ़ते हैं आगे,
हर कदम पर, दिखाते हैं साहस के धागे।

हिमालय की चोटियाँ, सागर की लहर,
भारत के जवान, कभी न करें कहर,
हर दिल में जलती, मातृभूमि की लौ,
अपने वतन के लिए, वो देते हैं सब कुछ खो।

दिन हो या रात, वो रहते तैनात,
देश की रक्षा में, नहीं करते कोई बात,
सूरज की तपिश, या हो ठंडी रात,
हर हाल में, देश का रखते हैं ध्यान।

गर्व से सीना ताने, वो चलते हैं साथ,
हर मुश्किल से लड़ते, नहीं करते मात,
भारत के वीर, तुम पर है हमें नाज,
तुम्हारे बिना अधूरा, ये तिरंगे का राज।

तुम्हारी वीरता का, हर कोई है गाता,
हर दिल में बसता, तुम्हारा नाम प्यारा,
तुम्हारे बलिदान की, गाथाएँ अनंत,
तुम्हारे बिना अधूरी, भारत की ये शान।

India: A Tapestry of Timeless Splendor

In the heart of the East, where legends are spun,
Lies a land of myriad hues under the sun.
India, where history whispers in ancient stones,
And culture blooms in a thousand unknown tones.

From the snowy peaks where Himalayas stand tall,
To the sun-kissed beaches where waves gently call,
In bustling cities, where dreams take flight,
And tranquil villages, where stars guide the night.

Diverse as the languages that echo in its streets,
Rich as the spices that flavor every feast.
Where traditions dance in joyful celebration,
And faith weaves through each generation.

Here, rivers flow with tales of times gone by,
And monuments speak of empires that reached the sky.
In every corner, a story, a legacy to behold,
Of heroes brave and wisdom untold.

O India, cradle of ancient wisdom and art,
Your spirit binds us, never to depart.
In your embrace, we find our roots entwined,
A tapestry of cultures, endlessly refined.

Forever vibrant, forever free,
In unity, our strength and harmony.
India, land of beauty and grace,
Forever cherished, in every embrace.

Taranjit Kaur (MCA 2 - E)

The tree without leaves

The leafless tree
That Stood alone
But proud and tall
On a path passed by all

Thousands came
Thousands went
From the same path
only few ever noticed
its beauty
that made it stand apart

I was one of them
Those few admirers
Who found it intriguing
And a source that inspired

I moved away for a while,
But when I came back
I went to that path
Hoping to see my lonesome friend

But it stood no more
laid down on the earth
its branches cut
only thing left was the trunk

No one noticed this tragedy
Not just its leaves,
Now even its branches
All taken away
And left abandoned on the ground

People went by
As it lay cold on the ground
Unresponsive
Even to the bird's sound

Would a tree without leaves be
mourned?
Would they be sad that now it's
gone?
Grief struck me
As I stood there to mourn

But a thought brought some relief
Though life is lost, its memory still
lives
In the hearts of those
Who stopped to witness it

Vaibhav Sharma (MCA 2 - E)
