Webinar on

"Network Security Analytics"

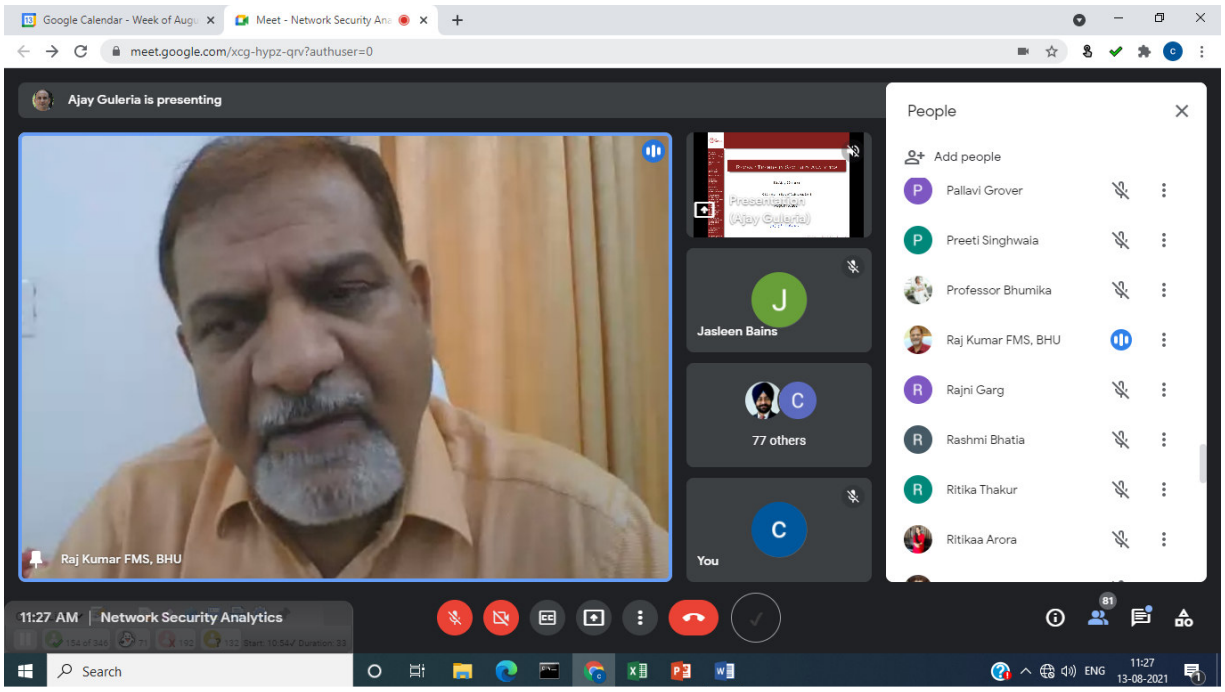

To celebrate
'Bharat KaAmrutMahotsav" to commemorate 75 years of India's Independence and Progress.

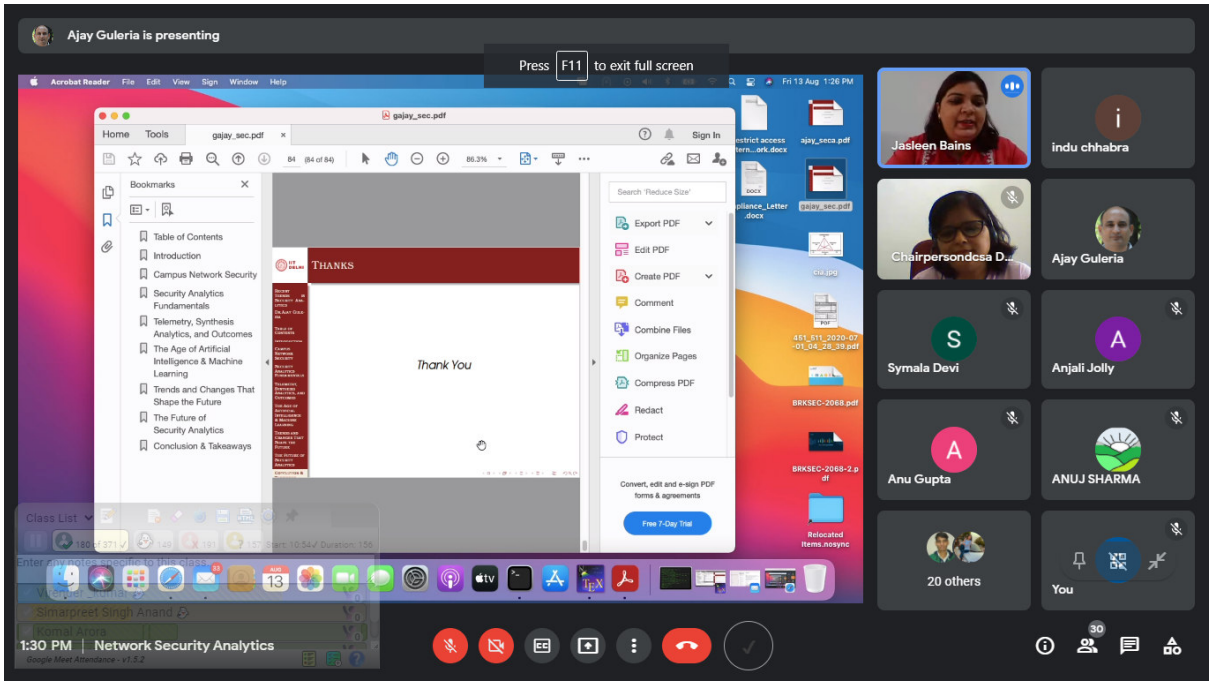

REPORT

The Department of Computer Science and Applications, Panjab University, Chandigarh organized a webinar on 'Network Security and Analytics' on 13th August 2021, to celebrate 'Bharat Ka Amrut Mahotsav' to commemorate the 75th year of India's independence and progress. The program was inaugurated today at 11:00 AM and attended by more than 90 faculty members/scholars/students from various departments and colleges. The program was coordinated by Mrs. Jasleen Kaur Bains, Asst. Profesor. It started with the formal welcome by Dr.Rohini Sharma, Chairpersonfollowed by the welcome address by Hon'ble Vice-Chancellor, Panjab University.

Prof. Raj Kumar, Hon'ble Vice-Chancellor of Panjab University addressed the audience about the importance of technology and stressed that without technology it is impossible toprogress. He said that as network security affects people in many aspects of daily life, so creating awareness about security aspects is the need of the hour. He also discussed that the technology should be easily accessible and affordable to enhance its effective usage. He motivated the researchers for continuous and in-depth research in the network security field to safeguard humanity from various cyberattacks.

The keynote speaker, Dr. Ajay Guleria from Computer Services Centre, IIT, Delhi, with more than 27 years of experience in IT infrastructure management and teaching, discussed about network security aspects and recent trends in security analytics. He talked about threats in networks and the causes behind these threats. He gave detailed information about various open source tools to ensure security in campus network which is hard to maintain.
