Department of Computer Science and Applications,

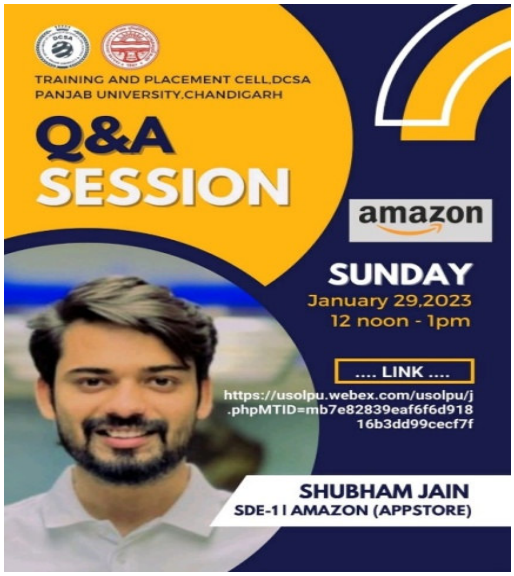

Panjab University Chandigarh

Alumni Talk Series: Q/A Session

DATE: 29-01-2023

Report

Mr. Shubham Jain, Our Alumni of batch, conducted the Q/A session
2019-20, DCSA Panjab University.
He is currently working as a Software Development Engineer at Amazon
Sir enlightened us by sharing his journey from DCSA to Amazon.

* He presented his valuable advice of focusing on core subjects for placements
* He cleared a few misconceptions about the corporate world and shared his routine at Amazon
* He explained how the hiring mechanism works at amazon by listing a few steps and how students can be prepared for the same
* Rejection is something which tells about the skills we lack and so we should embrace it, is something he is quoted, motivating the students
* He discussed the importance of getting referrals through LinkedIn but prior to that had a strong skill set
* He truly was an open listener and an interactive speaker who laid a clear path for students to walk on.
