Department of Computer Science and Applications

Panjab University, Chandigarh

Event: **How to Plan for Startups: Legal and Ethical Steps**

26-April-2024

Report

The "How to Plan for Startups: Legal and Ethical Steps" event, conducted virtually on April 26, 2024 by the Department of Computer Science and Applications, Panjab University in partnership with Institution Innovation Council, proved to be a transformative gathering for entrepreneurs seeking guidance in navigating the intricate terrain of startup planning. More than 50 students attended this special lecture.

Facilitated by the experienced and multifaceted Mr. Sujit Kumar, an esteemed alumnus of the Department of Computer Science and Applications, the event offered invaluable insights at the intersection of legal compliance and ethical conduct in entrepreneurship.

Mr. Sujit Kumar, a seasoned professional with a diverse background spanning engineering, sales, and entrepreneurship, provided a compelling introduction to the event. With a passion for innovation and a firm belief in the importance of integrity, Sujit's journey resonated deeply with participants. His extensive experience in both technical and sales roles, coupled with a steadfast commitment to ethical leadership, set the stage for an engaging and enlightening discussion.

Throughout the event, participants were immersed in dynamic discussions, delving into key legal requirements and ethical considerations essential for startup success. From navigating regulatory frameworks to fostering inclusive workplace cultures and environmental sustainability, attendees gained practical strategies and actionable insights to guide their entrepreneurial journey.

The event, with Sujit Kumar at its helm, exemplified a commitment to excellence, integrity, and innovation, leaving a lasting impact on the startup community and inspiring future generations of entrepreneurs to lead with integrity and ethical responsibility.
